Add SIZZLE to your Presentation...

CSH-122-10PN

MODEL: CSH-122-10PB

CSH Series Carving Stations

Choose from two rich hood color finishes:
Polished brass or polished nickel

- Flexible adjustable arms can be positioned where needed
- 250-Watt shatter-resistant infra red lamp(s) provide heat from above
- Temperature controlled base supplies heat from below
- Resilient cutting board rests securely on base
- Options include Sneeze Guards and Shatter-Proof Bulbs

Messy drippings drain out of sight, out of mind.

MODEL: IFW-61-WF-10PN

IFW-61-WF Series Carving Stations

Single lamp carving stations present an efficient way to display and serve fresh carved meats. Drip pan inset under cutting board collects scraps and drippings out of sight. Offered in your choice of polished brass or polished nickel hood finish.

- Portable adjustable infra red warmer stays in position once adjusted
- Lamp fixture secures to Richlite® wood fiber cutting board
- 250-Watt shatter-resistant infra red lamp provides heat from above
- On-Off switch conveniently mounted on base
- Options include Drip Pan and Shatter-Proof Bulbs
