

KoldKEGGER³

HYBRID INSULATED INDOOR/OUTDOOR COLD CABINET MODEL KCK

FEATURES AND BENEFITS:

- Allows you the flexibility to use indoors with standard 120 Volt electric, then unplug and use outdoor cooling system, or connect to 12VDC system.
- Configurable dispensing system available in 2-tap or 4-tap layouts, allowing operators to optimize product variety and service capacity based on application needs.
- No need for a generator with new cutting edge battery and solar power - hold up to 3-6 hours outdoors without a cord!
- Uses low GWP refrigerant blend 1234yf, compatible with California regulations and available for sale in state.
- Fully insulated 3/4 size holding cabinet keeps drinks at proper cold holding temperatures.
- Heavy duty 8" all-terrain swivel casters, front two with brakes. Rear casters are fixed to provide mobility when fully loaded, and stability during transport even in tough outdoor conditions.
- Smooth interior coved corners prevent food particle/grease buildup.
- Constructed with sun reflective coating to shield the unit from sun rays, customize the unit by adding your own logo with a vinyl door graphic or door magnet!

ACCESSORIES and OPTIONS (Available at extra cost):

- Solar Panel
- High Capacity Battery (6-8 Hours Hold Time)
- Bluetooth Battery Monitor Adapter Kit
- 8" Hi-Modulus Casters

Model shown: KCK4

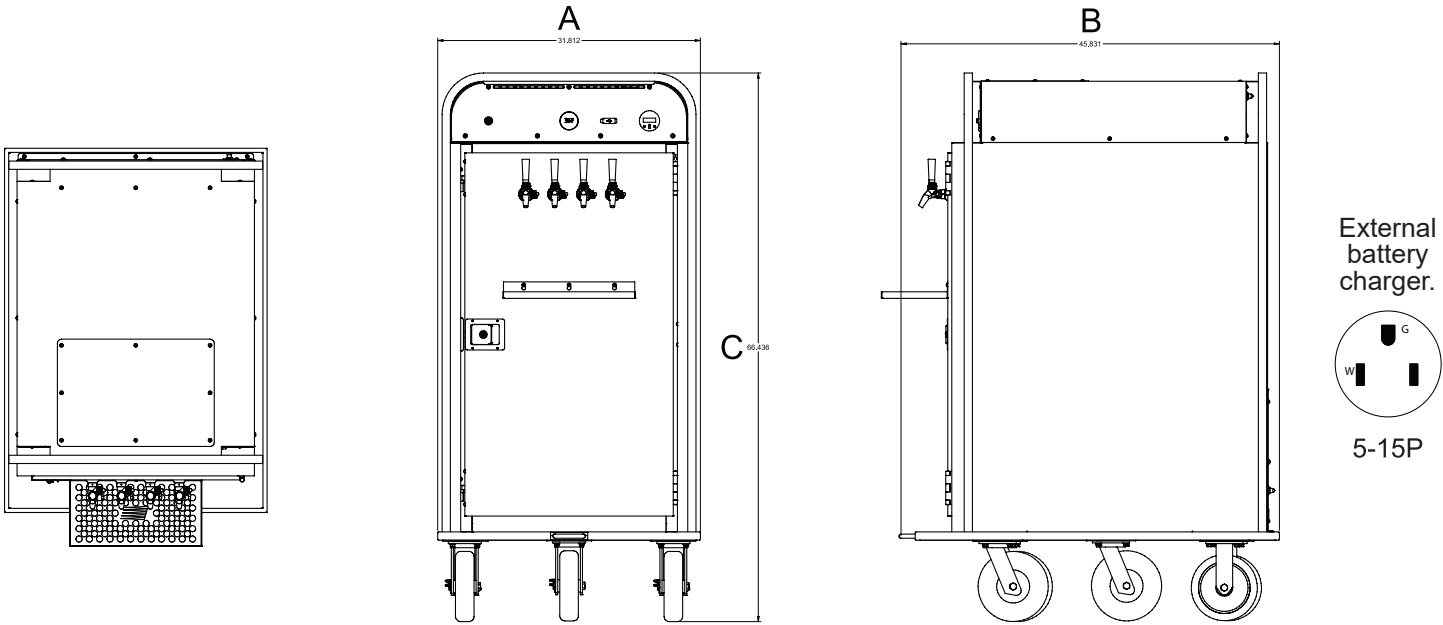

Perfect For:

- ✓ Catering & Mobile Events
- ✓ Breweries, Taprooms & Patios
- ✓ Festivals & Food Truck Events
- ✓ Off-the-Grid locations
- ✓ Outdoor Kitchens & Commercial setups
- ✓ And more!
